1201 Ridgecrest Drive, Austin, TX 78746 ⬧ *512-657-3659* ⬧ *drake.mcgarrah@gmail.com*

Technically inquisitive and highly motivated engineer. Eager to work on a team of smart individuals where everyone collaborates on solutions. I work well under pressure, thrive in a fast-paced environment, and stay flexible during change. For me it's all about the code, I love turning a client's designs and web page ideas into reality and excel at delivering error-free projects on time.

SKILLS

- Outstanding collaboration and documentation
- Excellent written and verbal communication
- Diligent troubleshooting and quality assurance
- Highly organized and detail oriented
- Expert time and deadline management
- Curiosity and learning oriented

TECHNICAL SKILLS

- Front-End: HTML, CSS, JavaScript (Vanilla, jQuery, React)
- Back-End: Node.js, Express, MongoDB
- Portfolio: https://phoenix-99hp.github.io/

NOTABLE FULL STACK DEVELOPMENT PROJECT

- Developed a RESTful web application similar to Facebook where users can sign up for an account, create posts, comment on posts, like posts, and send friend requests to other users.
- Applied Node.js and Mongoose skills to write server-side logic for the application, and used React as a front-end framework.

EXPERIENCE

The Odin Project, Austin, TX – *Full Stack Coding Project Participant* **8/19 - Present**
Providing a free open source coding curriculum that empowers aspiring web developers to learn together

- Make websites dynamic and interactive using JavaScript to create features and stand-alone applications
- Build proficiency in object-oriented programming principles and build single page applications with React
- Implement front-end frameworks such as React JS

McGarrah-Jesse, Austin, TX – *Web Development Intern* **5/20 - 10/20**
Leading Austin digital marketing company building cult brands such as Yeti, Kendra Scott, Shiner and Whataburger

- Assist Web Developer in designing, developing and maintaining client web pages and web applications
- Duties include coding, integration, testing, debugging, and maintenance
- Assist with website and application quality assurance

US Marshals Service, Houston, TX – *Security Intern* **1/16 - 5/16**
Serving as the first federal law enforcement agency in the United States since 1789

- Internship learning about protecting the federal judiciary, apprehending federal fugitives, managing seized assets acquired by criminals through illegal activities, transporting federal prisoners and operating the Witness Security Program
